

MAT PLUS

Technical Excellence Challenge - 1

Theme: Ser-h= Mixed AUW with the least number of moves.

If two entries have the same number of moves, then additional criteria will be considered such as the number of pieces. In the case of equal number of pieces, additional criteria will be considered: the type of pieces with the least number of point: Q=10, R=5, B/S=3 and P=1.

Illegal settings, promoted pieces and King-in-check are not allowed. Promoted Bishop is allowed only if there is none already existing on the squares of the same color (one set rule). Previously published works that have been improved, will be allowed. Only works that have surpassed previous records will be considered. Overall winner(s) will be announced, as well as winners in each category.

Works are submitted via the MAT PLUS website

Closing date: 1st December 2022
